How was your stay?

Comment It would be very good but for 2 things. An alarm in main level bedroom went off around 12:30-1am. Scared the baby to the point where she screamed for an hour + kept the whole house up.

Cabin Cleanliness? It was an absolutely miserable night for all. No hot water! These people

What can we do to make your stay better?

Ensure alarms are turned off. That was such an awful experience. Even without a baby to worry about, no one would want to be woken up in the middle of the night by a loud, blaring & vibrating alarm. Awful, ruined an whole night & we are all exhausted & frustrated this am.

What other services and/or amenities should we provide?

A pack-n-play for babies would be nice. Loved the games downstairs, kept kids very entertained. Maybe more movies?
